Head Lice Let's fight them Together ONCE A WEEK TAKE A PEEK

Head lice are a normal part of young family life and are nothing to be embarrassed, panicked or ashamed about. They are a part of school life. Head lice are live insects, their empty eggs are called nits. Lice are wingless insects that hold on to the hair, feeding from the blood on the head. They are spread by close head contact but they do not jump. They do not spread disease and they can pass from adults to children and back again. Can we thank you in advance for your continued support and ask you to follow the advice of once a week 'take a peek'. If you need further advice please contact the school nurse on 822889 or www.onceaweektakeapeek.com

Reminders for Y6 London October 2014 And Y4 Robinwood July 2014

Please don't forget to make your payments towards your child's educational visits to London and Robinwood.

Lost Property

Has your child lost a sweatshirt or cardigan etc. If they have please look in the lost property box situated outside the school kitchen. To avoid any confusion please ensure that all uniform and coats used for school are clearly labelled with your child's name. Please can you also check any uniform at home is your own child's and has not been brought home accidentally. Thank you.
